

**Functional Job Requirements
For the Position of Guidance Officer
Department of Education, Training and the Arts Queensland**

This document was developed for the following purposes: assisting in the development of rehabilitation programs for injured or ill employees and to provide detailed information about job demands to medical practitioners and allied health professionals undertaking medical reviews of Departmental employees.

This report identifies those activities which are essential to successful performance in this role. In determining whether a work activity is a “critical activity” the following questions are considered;

1. Does the worker spend greater than 33% of designated work time performing this activity? and / or,
2. Is specialized training/experience required to complete this activity? Has this been completed by only a small proportion of staff in this geographical region? and/or,
3. Is this activity performed in an environment where no other workers are readily available to assist with its completion? and/or,
4. Does this activity occur without prior notice and require immediate attention leaving no time to seek assistance to complete it? and/or,
5. Is this activity core to the development of stakeholder relationships, which are essential to achieving successful outcomes? and/or
6. Would an inability to perform this activity result in an increased health and safety risk to co-workers, students and/or members of the public?

The development process included; site observation of work environments, staff interviews, staff feedback on draft documents and consideration of benchmark publications for the analysis and description of work activities and job demands specific to particular positions (the Revised Handbook for Analysing Jobs, the Occupational Information Network and the Australian Job Guide, 2006).

This report indicates the average time spent across a working week on each work activity and also on each physical demand of work. In order to make this information meaningful to the various users of this report, in some instances the time spent is expressed as a single word, as a percentage of total time or as an actual amount of time (i.e. hours and minutes). The timeframes used are based on the benchmark descriptions (from the publications above) for expressing frequency of performance of work tasks.

Descriptor	Percentage of Time	Amount of Time based on 38 hours per week
Not present	0%	0 mins
Rare	1%-7%	22 mins – 2hour 40 mins
Occasional	8%-33%	3 hours – 12 hours 30 mins
Frequent	34%-66%	13 hours – 25 hours
Constant	67%-100%	25 hours 30 mins – 38 hours

Functional Job Requirements For the Position of Guidance Officer

Risk Based Physical Environmental Considerations:

- There may be clutter in the work/storage area, increasing the risk of trip hazards, awkward bending and lifting, and poor storage practices
- Items, furniture and fixtures may have limited adjustability features requiring the adoption of awkward postures
- There may be limited space for movement during performance of some activities
- There may be constant low-level ambient noise (from students and potentially traffic)
- There may be limited classroom lighting and ventilation in some facilities
- Some work may be performed outdoors or in an area exposed to the elements (e.g. activities on school oval or uneven surfaces)
- Fine motor work may be performed in temperatures of 16 degrees or lower and above 24 degrees, due to local environmental conditions and capacity of school facilities to control ambient air temperatures
- Work may be performed in temperatures above 24 degrees (occasionally in summer)
- Work areas may be slippery or wet

Psychosocial Risks to be Considered	Social / Interpersonal Demands	
Time pressure/high workload- while deadlines exist for many tasks, the level of demand is dependent upon school environment and staffing level. Staff may also be required to address multiple demands and a large number of unplanned interruptions may occur throughout the day.	Performing for or working directly with the public – parents and students; and providing catering at specific functions	Coordinating or leading others - students and other staff members
Responsible for others' health and safety: assisting in the identification of at risk students and liaising with parents, appropriate external agencies, and teachers.	Communicating with persons outside the organisation - parents and community members and organisations	Coaching and developing others - staff members and students
Environmental Stress– constant low level ambient noise from students, PA announcements, school bells etc requiring considerable projection of voice to be heard. Some temperature variation during winter and summer, constant environmental monitoring of student location during outdoor skills based sessions.	Establishing and maintaining interpersonal relationships - with students, staff and parents	Coordinating the work of others - students and external agencies
Insufficient work breaks- shortened breaks may be taken on a voluntary basis due to high workload and time constraints. Breaks may be limited by students approaching staff members at this time. Although break times are stipulated, teachers do not always receive an uninterrupted break.	Resolving conflicts - between students and Negotiating with others - students/parents/ staff	Interpreting the meaning of information for others - students
Investigations - participate in reporting, investigation and resolution processes, including mandatory reporting of suspected child abuse or neglect and participation as a witness or party to performance, discipline, grievance, WorkCover or other processes.	Communicating with supervisors, peers, or subordinates	Dealing with unpleasant or angry people - parents (potentially)
Policies - comply with departmental policies, procedures, guidelines and the code of conduct, including undertaking risk management processes to ensure the health and safety of students and others under their supervision or direction.	Guiding, directing, and motivating - students and team members	Dealing with physically aggressive people - students and parents
	Training and teaching students—including providing information on sensitive issues including basic life skills and culturally sensitive topics	Assisting and caring for others - students (may include first aid), teachers and parents

Functional Job Requirements For the Position of Guidance Officer

Considerations for Assessment of Physical Job Fitness:

- Assessment of sustained sitting capacity of 50 minutes. Including sufficient flexibility to allow adoption of awkward postures when working
- Capacity for grip patterns required for handling of equipment
- Assessment of fine motor dexterity or actual keyboard operation for typing activities (during non contact duties)
- Ability to sustain dynamic standing frequently throughout the day with minimal sitting breaks
- Symmetry, range and discomfort with movements of the spinal and peripheral joints, including hips, knees, ankles, shoulders and wrists
- Able to ascend and descend 2 x flights of stairs
- Sufficient visual and auditory function to enable interaction and response to students

Other Considerations

- History of neck/shoulder discomfort associated with static and sustained repetitive neck flexion postures
- History of upper limb, lower limb or spinal pain with repetitious or static tasks
- History of lower back pain with sustained sitting
- Knowledge of ergonomic principles for clerical workstations and knowledge of / ability to learn safe crouching/stooping posture (with flexion occurring at the hips rather than in the lumbar spine)
- Knowledge of correct manual handling techniques i.e. ability to bend at hips, bend knees and squat with a neutral spine
- Knowledge of vocal health and techniques to enable safe projection of voice
