Support or Service:

When a school receives one or more services by an organisation.

Example:

If a school receives four visits from one organisation during the year, this is counted as one service.

However a school can be supported by multiple organisations, for example if a school is supported by *Guide Dogs* and *Autism QLD*

The list of schools used to calculate this data was extracted from CIS at the end of 2016 with a total of 1,233 state and 503 Non-State Schools. The Schools Directory on One Portal shows a total of 1,233 state and 503 Non-State Schools open in QLD. All schools which received support from organisations funded through the NSO Program in 2016 were included in this summary.

Any support or services provided for ECDP's was not included in this summary.

Please see the below breakdown of the **number of schools in each region** that were supported by organisations which are funded through the NSO Program in 2016. Each school supported has only been counted once, whether they received support from one organisation or more.
