

Indigenous Enrolments at Queensland State Schools, by Year Level

Reports and statistics – August Census Collection

- A total of 40,375 full-time Indigenous students were enrolled in Queensland state schools in August 2010.
- This represents a 17.1 per cent growth in enrolments of Indigenous students from 2006 to 2010. This growth is partly attributable to the progressive introduction of the universally available Prep Year.
- In 2010, 27,253 students (67.5 per cent of state school Indigenous students) were enrolled in primary year levels and 12,869 students (31.9 per cent) were enrolled in secondary year levels. There were 253 Indigenous students (0.6 per cent) enrolled in special schools.
- A trial of the Prep Year was conducted in 2005 and 2006, and a half cohort of Prep was introduced in 2007 to align with the shift of the compulsory school starting age from 2008. The first full Prep Year cohort commenced in 2008. The introduction of the universally available full-time Prep program replaced the part-time Preschool program in Queensland.
