

Enrolments at Queensland State Schools, by Year Level

Reports and statistics – August Census Collection

- Enrolments in Queensland State schools continue to increase. From 2006 to 2010, enrolments grew overall by 6.8 per cent. This growth is partly attributable to the progressive introduction of the universally available Prep Year.
- A total of 485,798 full-time students were enrolled in Queensland state schools in August 2010.
- In 2010, 309,661 students (63.7 per cent of state school enrolments) were enrolled in primary year levels and 172,749 (35.6 per cent) were enrolled in secondary year levels. Special schools had enrolments of 3,388 students (0.7 per cent).
- A trial of the Prep Year was conducted in 2005 and 2006, and a half cohort of Prep was introduced in 2007 to align with the shift in the compulsory school starting age from 2008. The first full Prep Year cohort commenced in 2008. The introduction of the universally available full-time Prep program replaced the part-time Preschool program in Queensland.
