

Enrolments at Queensland State Schools, by Year Level

Reports and statistics - February Collection

- Enrolments in Queensland State schools continue to increase. From 2007 to 2011, enrolments experienced an overall growth of 2.5 per cent. This growth is partly attributable to the progressive introduction of the universally available Prep Year.
- A total of 491,459 full-time students were enrolled in Queensland State Schools as at February 2011.
- In 2011, 311,402 students (63.4 per cent of state school enrolments) were enrolled in primary year levels and 176,581 (35.9 per cent) were enrolled in secondary year levels. Special schools had 3,476 students (0.7 per cent).
- Prep trials were conducted in 2005 and 2006, and a half cohort of Prep was introduced in 2007 to align with the shift in the compulsory school starting age from 2008. The first full Prep cohort commenced in 2008. The introduction of the universally available full-time Prep program replaced the part-time preschool program in Queensland.
