

Curriculum activity risk assessment

Surfing, Body and Board

clever • skilled • creative

Activity scope

Surfing refers to wave riding on surfboards and skis as well as body surfing as a curriculum activity.

Risk level

The actual risk level will vary according to the specific circumstances of the activity and these **must** be considered when assessing the inherent risk level and planning the activity. As a starting point, ask the following questions:

- Which students will be involved?
- Where will the students be?
- What will the students be doing?
- Who will be leading the activity?
- What will the students be using?

Inherent risk level		Action required / approval
<input type="checkbox"/>	High	Participation in surfing – body and board involves a likely chance of serious incident and injury requiring medical treatment
		<input checked="" type="checkbox"/> A <i>Curriculum Activity Risk Assessment</i> must be completed. <input checked="" type="checkbox"/> Principal or delegated Deputy Principal or Head of Program (i.e. HOD, HOSES, HOC) to review and approve risk assessment. <input checked="" type="checkbox"/> Obtaining parental permission is recommended. <input checked="" type="checkbox"/> Once approved, activity details are to be entered into the <i>School Curriculum Activity Register</i> .

Teachers/leaders:

Activity description:

Start date:

Finish date:

No of students (approx.):

Class groups:

Supervision ratio (approx.):

Listed below are the minimum recommendations for this type of activity. For any items ticked 'No', provide further information regarding the additional or alternate controls to be implemented for the safe conduct of the activity.

Minimum supervision

Adequate adult supervision is to be provided. In determining what is adequate, consider the number of students, their individual needs, and the nature of the activity. If an adult other than a registered teacher is engaged for instruction, a teacher should be present to take overall responsibility. [Blue Card](#) requirements **must** be adhered to.

- Registered teacher with minimum qualifications as outlined below and an adult with minimum qualifications as outlined below
OR
- An adult with minimum qualifications as outlined below, in the presence of a registered teacher
- Lifeguard/lifesaving service on duty and notified
- An adult will observe from the beach at all times

Note: Additional adult supervision may be required depending on individual needs and number of students, environment etc:

- **Recommended leader/guide : participants ratio for beginners 1:8**
- **Recommended maximum group size for surfing is 24 participants**

Further information:

Minimum qualifications

The qualifications listed in this section are minimums for each type of situation. Leaders are encouraged to seek training to raise their qualification level above the minimum listed.

- Current first aid qualifications including Cardio Pulmonary Resuscitation (CPR) or ready access to first aid facilities, including qualified personnel.
- [Blue Card](#) requirements met
- Ability to effect a recovery from the water at the venue

High — Participation in **surfing – body and board** involves a likely chance of serious incident and injury requiring medical treatment

For a registered teacher or a leader other than a registered teacher:

- Surf Life Saving Australia Surf Rescue certificate or equivalent
OR
- Community Surf Life Saving certificate
OR
- Surfing Queensland Coaching qualification

Further information:

Minimum equipment/facilities <i>If 'No' is ticked, provide further information.</i>	Yes	No
First aid kit suitable for activity	<input type="checkbox"/>	<input type="checkbox"/>
Communication system: <input type="checkbox"/> phone-line at location <input type="checkbox"/> mobile phone <input type="checkbox"/> walkie talkies/UHF radio <input type="checkbox"/> student/adult messenger Other:		
Sun safety equipment (hat, sunscreen, shirt etc)	<input type="checkbox"/>	<input type="checkbox"/>
Drinking water (students should not share drinking containers)	<input type="checkbox"/>	<input type="checkbox"/>
Injury management procedure (including head injuries) is in place	<input type="checkbox"/>	<input type="checkbox"/>
Stinger suits where required, as outlined in Surf Life Saving Queensland (SLSQ) Marine Stinger Risk Management Guidelines	<input type="checkbox"/>	<input type="checkbox"/>
Whistle	<input type="checkbox"/>	<input type="checkbox"/>
Signal Flag	<input type="checkbox"/>	<input type="checkbox"/>
Rescue Board	<input type="checkbox"/>	<input type="checkbox"/>
It is recommended that all programs are conducted on a beach with a lifeguard/life saving service on duty. If activity is performed at a non-patrolled beach, the following rescue equipment is recommended:		
<input type="checkbox"/> rescue board <input type="checkbox"/> rescue tube and flippers <input type="checkbox"/> first aid kit <input type="checkbox"/> portable resuscitator unit <input type="checkbox"/> oxygen equipment <input type="checkbox"/> defibrillator		
Further information:		

Governing bodies/associations <i>If 'No' is ticked, provide further information.</i>	Yes	No
Guidelines/codes of practice are established for this activity. See Surf Life Saving Queensland and Surfing Australia Have these been considered during the planning of this activity? (See 'Important Links')	<input type="checkbox"/>	<input type="checkbox"/>
Further information:		

Hazards/risks	Control measures	Yes	No	Implementation plan / Additional controls
	<ul style="list-style-type: none"> Ensure that stinger suits are worn in coastal estuaries or associated sea waters from Bustard Head north to Cape York and all the coastline of the Gulf of Carpentaria. STINGS CAN BE FATAL. Please refer to Australian Institute of Marine Sciences – Stone Fish. For information on other dangerous marine animals within Australia, refer to Australian Institute of Marine Sciences. 	<input type="checkbox"/>	<input type="checkbox"/>	
Manual handling <ul style="list-style-type: none"> Movement of boards Movement of students 	<ul style="list-style-type: none"> Undertake a risk management process to prevent or minimise the risk of injuries caused by manual tasks. Limit the number of students in the water when close supervision is required. 	<input type="checkbox"/>	<input type="checkbox"/>	
Environmental conditions <ul style="list-style-type: none"> Sun exposure Surf conditions Rips Temperature Water visibility 	<ul style="list-style-type: none"> Obtain advice from lifeguards about local conditions and potential hazards (e.g. rips, tides, currents, submerged rocks, water temperature and depth conditions). Notify lifeguard, mobile patrol or club members when surfing at a patrolled beach. Consider prevailing weather and surf conditions in the selected area before entering the water. If these are unfavourable at any time, the activity should be curtailed. Cease activities where conditions are unfavourable or where beaches have been closed by lifeguards. Define the surfing area and instruct students of the defined area before they enter the water. Ensure that appropriate sun safety equipment is utilised. 	<input type="checkbox"/>	<input type="checkbox"/>	

Submitted by:	Date:
List the names of those who were involved in the preparation of this risk assessment.	

Approval	
<input type="checkbox"/>	Approved as submitted
<input type="checkbox"/>	Approved with the following condition(s):
<input type="checkbox"/>	Not approved for the following reason(s):
By:	Designation:
Signed:	Date:
Once approved, activity details should be entered into the <i>School Curriculum Activity Register</i> by administrative staff.	Reference no.

Monitor and review <i>To be completed during and/or after the activity and/or at the completion of the series of activities.</i>	Yes	No
Are the control measures still effective?	<input type="checkbox"/>	<input type="checkbox"/>
Have there been any changes?	<input type="checkbox"/>	<input type="checkbox"/>
Are further actions required?	<input type="checkbox"/>	<input type="checkbox"/>
