Tomorrow's Schools – providing for a smarter future

Program Update

December 2009

Round 1 Projects

Eastern Ipswich

Bundamba State School

The redevelopment of Bundamba SS is nearing completion, with some minor refurbishment still to be undertaken to the old administration building. The internal refurbishment to H Block is completed with new internal walls, windows and teacher preparation areas, including a new outdoor learning area. The extension and redevelopment of the Resource Centre has been completed, which includes a multi-media room and new furniture and fittings. The external fencing and entry statement are finished. Work is well advanced on the new sports centre and music centre under the Australian Government's BER program.

Silkstone State School

The refurbishment of blocks C and D with new walls, windows and new teacher prep areas have been completed. The Music Block refurbishment is near completion with all new internal walls and ceilings. The new outdoor learning areas for J and K blocks have been completed as well as the new Resource Centre that includes a science information technology centre. The upgrade of the new car park, has been completed, with the new external fencing well advanced. The new performance centre under the Australian Government's BER program is near completion.

Bundamba State Secondary College

The refurbishment and upgrades to teaching and specialist areas are continuing on track. The new Special Educational Unit is complete that includes new life-skill, learning, specialist and outdoor learning areas. The external painting of the school is near completion, with a number of teaching and specialist blocks already completed. The new Performing Arts Centre and cluster Leadership Centre are progressing well with external finishes completed. The external eating and Café are near completion, with the new under covered eating area completed.

Riverview State School

The redevelopment of the new staff and visitors car park has been completed creating safer entry and exit points. New entry statement and external fencing have been installed, the external landscaping around the school is well advanced with the Anzac memorial stone installed. The new junior covered area has been completed along with the new outdoor learning areas. The relocation of the Prep classroom and toilet facilities from Dinmore SS has occurred, with some minor alterations underway. The new sports centre to be delivered under the Australian Government's BER Program is well advanced.

Bremer State High School

The successful tender for the construction of the new replacement Bremer State High School has been awarded, with civil works expected to start in March 2010. The concept plans for this exciting new educational institution located next to the University of Queensland is available on the *State Schools of Tomorrow* website and can be accessed using the link below. The school is to open for the 2011 school year.

If you have questions or concerns, please feel free to contact your school principal or the *State Schools of Tomorrow* team on 32370008. For more information please visit the *State Schools of Tomorrow* website: <http://education.qld.gov.au/tomorrows-schools/ssot-projects.html>
