

Application guide: 2025 Outstanding Aboriginal and Torres Strait Islander Senior STEM Student Awards

In this guide, you will find information to assist you with your application for a **Peter Doherty Outstanding Aboriginal and Torres Strait Islander Senior STEM Student Award**. Please read through this information carefully and complete the application checklist on page 4 before submitting your application.

Eligibility requirements

To be eligible to receive a **Peter Doherty Outstanding Aboriginal and Torres Strait Islander Senior STEM Student Award**, you must:

- be an Aboriginal person and/or Torres Strait Islander person, and able to provide written evidence of being recognised as a member of an Aboriginal community/ies or Torres Strait Islander community/ies or being an Aboriginal or Torres Strait Islander person;
- have completed Year 11 in a Queensland state or non-state school;
- have attained an A standard of achievement or equivalent in at least two Queensland Curriculum and Assessment Authority (QCAA) or other approved curriculum science, technology, engineering or mathematics General subjects in Year 11;
- be currently enrolled in at least two Year 12 QCAA or other approved curriculum science, mathematics, engineering or technology General subjects in a Queensland state or non-state school; and
- not have previously received a Peter Doherty Award.

A list of award-eligible General subjects can be found on page 3.

Obtaining evidence of heritage

An Aboriginal or Torres Strait Islander person is one who:

- is of Aboriginal descent or Torres Strait Islander descent;
- identifies as an Australian Aboriginal person or Torres Strait Islander person; and
- is accepted as such by the community in which s/he lives or has lived.

Provision of any of the following documents will be accepted for the purposes of your award application:

- letter from school principal or community education counsellor;
- evidence of having previously received ABSTUDY support;
- evidence of support received from any other reputable organisation where proof of heritage has been a requirement of receiving support;
- birth records or genealogies verified by a suitable authority; or
- a letter (on letterhead and often bearing a common seal), where alternate records are not available, signed by the Chairperson of an Aboriginal incorporated organisation and/or Torres Strait Islander incorporated organisation in which you live or have previously lived.

Applicants can nominate themselves or be nominated.

If the applicant is nominated by another person, the applicant must:

- agree to the nomination,
- provide the nominator with the necessary information so they can address all selection criteria; and
- each application must be endorsed by the Principal.

How to apply

Once you have determined that you are eligible to apply for the award, you will then need to:

- write a statement of no more than 1,000 words in support of your application that responds to the selection criteria outlined on page 3;
- have the details of two referees who agree to endorse your application. The referees may be asked to provide more information about aspects of your written statement;
- complete the third party consent form regarding the use and storage of personal information and entries on the Entrant Portal. If you are under 18 years of age, your form must be signed by your parent or guardian;
- have the Principal's verification of results and enrolment form completed by your school principal to verify your Year 11 results and your Year 12 enrolment;
- include written evidence of being recognised as a member of an Aboriginal community/ies or Torres Strait Islander community/ies or being an Aboriginal or Torres Strait Islander person; and
- click on the [Entrant Portal](#) to create an account and submit via upload:
 - your application;
 - details of two referees;
 - your signed third party consent form;
 - each application must be endorsed by the Principal;
 - Principal's verification of results and enrolment; and
 - written evidence of heritage.

All forms should be completed electronically and submitted with your written statement.

Written statement

Your written statement provides you with an opportunity to tell us about yourself, your achievements and interests in STEM, and why you should receive a **Peter Doherty Outstanding Aboriginal and Torres Strait Islander Senior STEM Student Award**.

Your statement should be no more than 1,000 words and should clearly respond to the selection criteria outlined in the table on the following page. A selection panel will use these criteria to assess your application. Please note the selection panel will not assess statements beyond 1,000 words.

When writing your response, make sure you are succinct — consider using dot points where appropriate to summarise — and give examples of your achievements and experiences in STEM. You should also include data to support the claims you make in your statement, for example the award level in a competition, research location and time commitment, university name, number of local forums and names.

Selection criteria: Outstanding Aboriginal and Torres Strait Islander Senior STEM Student Award

The applicant:
<ul style="list-style-type: none">• Demonstrates a commitment to deep learning in STEM that goes beyond school curriculum requirements
<p>This criterion is demonstrated through evidence of:</p> <ul style="list-style-type: none">- a commitment to participating in school and wider community STEM events and activities (including those online), reflecting a strong passion for any STEM subject;- involvement in STEM extracurricular activities (forums, events, activities including those online) as a participant, initiator, leader or invited guest;- a depth of learning undertaken in one or more STEM fields (examples could include research undertaken, work experience completed, STEM competition participation and achievement, STEM forum participation, ambassador roles for STEM events and volunteer work); and/or- excellence in STEM (examples could include outstanding achievement in STEM, recognition of scientific work by school partner organisations, selection to participate in camps and forums, awards for excellence in science or technology or engineering or mathematics).
<ul style="list-style-type: none">• Exhibits a well-developed plan to pursue a STEM pathway beyond school
<p>This criterion is demonstrated through evidence of:</p> <ul style="list-style-type: none">- details of the university STEM pathway that the applicant plans to pursue;- understanding of both the requirements of the pathway and the prerequisite steps needed to reach the goal;- clear and concise reason for selecting this pathway, such as a specific career goal, a general enjoyment of STEM or the influence of school and/or teachers (if applicable) on the decision-making process;- how participation in STEM-related activities inspired the applicant into further STEM studies and action in the community (e.g. advocacy, tutoring, mentoring, organising activities); and/or- demonstrated work ethic required to achieve the desired goals (examples could include previous achievements and actions, work experience and voluntary work).
