

Curriculum into the Classroom (C2C)

INFORMATION FOR PARENTS

Our curriculum

The Australian Curriculum has been designed to give every student in Australia access to a flexible, modern curriculum that helps develop successful, confident and creative learners.

Queensland schools first introduced the Australian Curriculum in 2011.

In the same year, Queensland began developing our own suite of curriculum materials to help our schools and teachers deliver the Australian Curriculum.

Our focus

Curriculum into the Classroom (C2C) materials have been written by Queensland teachers, for Queensland students.

They give teachers and students a consistent approach to teaching and learning across the state.

No matter where our students live, our focus is to see *every student succeeding*.

C2C also supports Queensland's plans for full implementation of the Australian Curriculum by 2020.

Our materials

C2C resources have been written for all eight of the Australian Curriculum learning areas including:

- English
- Mathematics
- Science
- Humanities and Social Sciences including History, Geography, Civics and Citizenship (from Year 3) and Economics and Business (from Year 5)
- Health and Physical Education
- The Arts, including Dance, Drama, Media Arts, Music and Visual Arts
- Technologies; and
- Languages, including Chinese, French, German, Indonesian, Italian and Japanese.

Get involved

Students are more likely to be successful when their parents and families are engaged in their education.

As parents and carers, you want your child to do well and to receive the support they need to ensure their academic success.

Your role in your child's education is important. Research shows that children whose parents are active and interested in their learning:

- have better educational outcomes
- have a greater sense of what's expected of them and how they can succeed at school; and
- are more likely to graduate and go on to post-secondary education.

To get a better understand of what your child is learning at each stage of their schooling, you can familiarise yourself with the Australian Curriculum at www.australiancurriculum.edu.au

You can also speak directly to your child's teacher, or school of enrolment, to view classroom curriculum materials.

Find out more

Visit the Department of Education website at www.qed.qld.gov.au for some great parent resources or to find out more information about Queensland's curriculum.

Got a specific question about C2C materials? Contact your school or email C2CFeedback@qed.qld.gov.au
