

Global Competence through Leadership

Student Workshop (On-campus)

Date:	Monday 19 September 2022
Location:	University of Queensland, St Lucia Campus, Brisbane
Delivery:	Face-to-face
Attendees:	Queensland state school students in Years 10 and 11
Workshop duration:	Full-day
Time:	9:00am – 3:00pm
Registration arrival:	8:45am

Background

- The Department of Education International (DEi), within the State Schools Division, contributes to the social and economic prosperity of Queensland. It delivers internationally-recognised products and services, working with key partners and the community, and supporting global learning and engagement in our schools. The DEi Strategic Plan 2019–2024 outlines our vision and key priorities to:
 - support young people to respond positively to a connected, diverse and rapidly changing world
 - prepare students for more internationally competitive work opportunities
 - provide high quality teaching and learning programs focused on global competence
 - create opportunities that take our leaders, teachers and students to the world, and bring the world into Queensland schools
 - promote Queensland as a preferred destination for international students.
- Global Competence is a multi-dimensional construct that requires a combination of knowledge, skills, attitudes and values successfully applied to global issues or intercultural situations. Global issues refer to those that affect all people, and have deep implications for current and future generations. Global issues are also linked with the [Sustainable Development Goals \(SDGs\)](#)

Expected outcome

The workshop would provide students with an opportunity to explore different dimensions of Global Competence and inspire them to develop / strengthen their critical and creative thinking, leadership skills, intercultural understanding, understanding sense of self and one's own culture to make meaningful connections globally.

Global Competence through Leadership

Student Workshop (On-campus)
