Osaka World Expo Ambassador Program

The Osaka World Expo Ambassador Program is an exciting opportunity for Queensland state school students in Years 11 and 12, along with teachers experienced in delivering STEAM subjects. Hosted by the Osaka Prefectural Board of Education, the program brings together participants from global partner regions to discuss education and key social issues shaping the future.

As part of Expo 2025 in Osaka, students will collaborate with peers worldwide to explore solutions to global challenges, while teachers will develop leadership skills in delivering STEAM curriculum in an international setting. Participants will also visit the Expo 2025 site and explore Osaka, deepening their understanding of Japan's innovation, culture and global engagement. The program aims to build cross-cultural connections, critical thinking, and leadership, preparing students and teachers for a global future.
