

## Smart Choices Checklist

This checklist is provided to assist schools, their Principals, Parents and Citizens' Associations and Smart Choices Committee to establish at a glance whether the school complies with Smart Choices, the Healthy Food and Drink Supply Strategy for Queensland Schools.

Healthy eating practices should be actively supported across the whole school environment. As Smart Choices outlines, foods and drinks have been classified into three categories according to their nutritional value: GREEN, AMBER and RED. GREEN foods and drinks should be encouraged and promoted, AMBER foods and drinks should be selected carefully and RED foods and drinks should be limited in their supply across the whole school environment to no more than two occasions per term.

## School tuckshop

All foods and drinks supplied at the school tuckshop are from the GREEN or AMBER categories.
OR
The tuckshop supplied RED foods or drinks on the following occasions:
Reason for supply of RED food/drink
Term
$\qquad$
$\qquad$
$\qquad$
$\qquad$

## Vending machines

All vending machines which are accessible to students advertise only foods and drinks from the GREEN or AMBER categories.
$\square$ All vending machines which are accessible to students stock only foods and drinks from the GREEN or AMBER categories.
