

Queensland Schools Planning Reference Committee Cross-Sectoral New Schools Demand Mapping 2026 to 2046

Sunshine Coast Council Monday 27 November 2023

New government and non-government schools that may be required

SA2 or Cluster	2026 to 2036		2036 to 2046		Commentary
	Primary	Secondary	Primary	Secondary	
Caloundra West-Baringa SA2	2-3	2	2-3	1-2	
Landsborough SA2 and Beerwah SA2 (Palmview)	1-2	0-1	0-1	0-1	
Landsborough SA2 and Beerwah SA2 (Beerwah East Major Development Area)	0-2	0	2-4	2-3	
Nambour SA2 and Eumundi-Yandina SA2	0	0	0-1	0	There is little development occurring Eumundi in the first decade and potentially changing in the second decade.
Maroochydore-Kuluin SA2	0	0	0-1	0-1	
Parrearra-Warana; Buddina-Minyama, and Wurtulla-Birtinya SA2s'	0	0	0-1	0-1	
Caloundra-Kings Beach SA2 and Golden Beach-Pelican Waters SA2	0	0	0-1	0-1	

New school recommendations reflect the potential need of new state and non-state primary and secondary schools based on an assessment of the 2023 edition Queensland Government population projections, local advice on population growth and available capacity within the existing school network. The growth SA2s, shown above, were selected for detailed assessment during the Demand Mapping Meeting. Areas for assessment are comprised of one or more Statistical Areas Level 2 (SA2s) which are established by the Australian Bureau of Statistics and are the smallest statistical area commonly used for a range of statistical information including population projections. Population projections used to inform this assessment are prepared by the Queensland Government Statistician's Office and can be accessed [here](#).
